before Melbourne Cup public holiday

Principal Message – Week 9

Official Shade Structure Opening **NEXT FRIDAY!**

Next Friday, 21st of June, families are invited to come along to our Official Shade Structure Opening! We are very excited to celebrate this special occasion with you, and our students are working hard (and having fun!) with Mrs Mumford to present performances to our families!

The special assembly will commence at the earlier time of **2:30pm**. Students will participate in the following activities!

Free Sausage Sizzle for Lunch!

Traditional School Games!

Dance Presentation at Assembly!

Designing their own school bunting!

Feel free to call in and see the celebratory activities in action!

Hope to see you there!

Lakers Sports News!

Last Friday, our senior students travelled to Merbein to compete in the Winter Sports Carnival. We entered teams for hockey, netball, soccer and football. All students competed enthusiastically, and importantly, upheld our school values of Respect, Learning, Resilience, Success and Tolerance throughout the day. Our football, netball and soccer teams outperformed the opposition and progressed to the Division level. Yesterday, one netball team and the girls soccer team competed against other winning Sunraysia teams and tomorrow the football boys will have their opportunity to take to the field at The Sporting Precinct. A big thank you to the staff who have taken time away from their classroom to coach the teams and congratulations to the students for impressively representing our school. Go Lakers!

Successful Grant Recipients!

It was very **exciting** to be notified that the **The Lake PS** was successful with a grant submission through **Woolworths and Junior Landcare!** This will support our students to further develop their horticulture skills including irrigation, composting, planting, pruning and of course, the continuation of harvesting the fresh veggies that **The Laker's Co-op** currently offers! It has been wonderful to see our students so passionate and enthusiastic about growing (and eating!) fresh veggies! **A big thank you to Mrs Bacon & Mr Mac who applied for this grant!**

Real Schools-The Success of the P3 P3 F3 Process!

Our students have provided some very **positive** and **valuable feedback** from being involved in a **P3 P3 F3** process. We are very proud of how engaging, honest and respectful they are when participating in this facilitated process. Although we are still at the early stage of our partnership with **Real Schools**, staff have noticed some positive shifts in the way students are taking ownership of their behaviours and making amends for any type of conflict they were responsible for. **Well done Lakers!** Of course, not all students will have participated in this process, however, when a situation arises this process has been instrumental in sorting out the issues and allowing students to get back to their learning in a timely manner! I have attached an information sheet on the P3 P3 F3 process to further clarify how and why this process works so well!

Have a great week! (can you believe we only have 2 weeks left of Term 2!)

Ms. Warburton

Adult conversations around children.

As adults, we all know the to do list is never ending, the stresses are constant both big and small, and the worldwide worries continue to be in our faces through the news and social media. As much as is practical, we want to protect our children from all of this while still making sure they are experiencing normal levels of stress for children their age. Worries like, who will I play with at school and remembering to complete and hand in homework are a great example of age-appropriate things for primary school children to have on their mind. It is imperative that we as adults are very mindful of the conversations, we have around our children so as to not over burden them with adult worries. I have spoken with students who have been so concerned with the price of fuel that they are worried how they will be able to get to places and even school because of this. The price of petrol and managing money, is definitely an adult worry as this is a worry that children have no control over. So please, be mindful of the conversations and potential stresses you are exposing your child/ren to.

With much kindness

Miss Louise and Mr Mac

Name Year

Extra of the same selected \$2.00

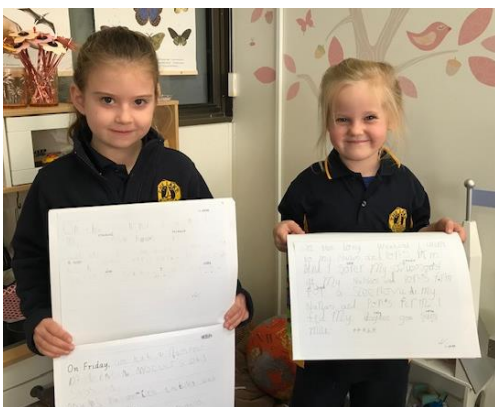

Total amount enclosed \$.....

NO LATE LUNCH ORDERS ACCEPTED – For catering purposes, please be reminded that any lunch orders brought to the office on Wednesday will be handed back to the students.

News from Prep B classroom

Students in Prep B have been working well and making great progress with their learning. We have welcomed three new students throughout the semester - Bailee, Wyatt and Zack - and they have all settled into the Prep B team beautifully! In Maths recently, the students have enjoyed learning about repeating patterns and have been revising their understanding of numbers to 20 and beyond. In Inquiry lessons, the Community Helpers unit has been really engaging and informative. Mrs Hunt is so proud of all students in the class and is particularly excited about the writing progress in recent weeks! Keep up the great work Prep B Superstars!
